

AREA CONSTRUCTION COORDINATOR, PROCESS PLANT (12960)

TO APPLY VISIT: [www.iamgold.com/cotegoldcareers](http://www.iamgold.com/cotegoldcareers)

### **Role Details**

Oversight accountability for the construction earthworks in order to confirm the project quality, schedule, safety, and budget are being adhered to by EPCM/Contractors through:

- Overseeing EPCM/Contractors fieldwork and report all deviation from safety, standards, scope, schedule and budget.
- Overseeing EPCM/Contractors fieldwork and identify inefficiencies and optimization opportunities.
- Working with EPCM/Contractors to make sure the job is done efficiently.
- Monitoring progress of Contractors against established schedules and construction milestones for earthworks construction as well as preparing progress reports and issuing progress schedules for the Owner's Team.
- Representing the Owner's Team at the Construction Site on matters such as project cost, schedule, and standards.
- Ensuring construction methods and procedures for earthworks are maintained based on the Project Management Team's expectations and project guidelines.
- Promoting and demonstrating IAMGOLD values at all times.
- Ensure ongoing communication with internal stakeholders related to the progress of construction activities.
- Understanding the role of a Constructor and be comfortable in getting work done through others by influence and negotiation.

### **Qualifications**

- College diploma or University Degree in a relevant field.
- Project management certification is an asset.
- At least 15 years' experience in the construction industry.
- 8-10 years of related project management experience.
- Experience in the mining/natural resource industry is required.
- Knowledge, skill and ability to demonstrate in the workplace sound supervisory principles, practices and techniques.
- Ability to communicate effectively verbally and in writing.
- Strong ability to influence and negotiate.
- Ability to interact with all levels of employees.
